## MAUR PROJECT

Madrasah Arsh Ur Rahman (MAUR) is a registered Charity (1175284) in United Kingdom dedicated to delivering authentic Islamic Knowledges free for all students. It all started with a small Quran circle in 2001 lead by Sheikh Ismail Karfa, which expanded into many different courses and a Madrasah it is now, Alhamdulillah.

Now we are aiming to buy a property which will be a Masjid and Madrasah dedicated to teaching of Quranic Sciences and Hadeeth. All part of the muslim community will benefit and **we are asking for brothers and sisters to come forward to support this project and donate towards this noble cause.** Your donations can be made to bank details below:

**NOTE:**

- Dotted lines are a guide only; therefore those supervising should ensure that the learner writes arabic alphabets starting from the correct starting point.
- Arabic Alphabets which have dots must not be confused with the dotted lines. Ensure that the student recognises the dots which are part of the alphabets from dotted lines.

**Acknowledgement:**

Special Thanks to Umm Zaid for preparing this book for MAUR. We hope this will prove for many a beginning of a learning journey to become great scholars of Islam.
